 Primary Examiner, Art Unit 1623

The following is an Examiner's Statement of Reasons for Allowance:

Examiner has reviewed the previous Office action and noted therein that a previously submitted Terminal Disclaimer had been found acceptable as the basis for withdrawal of obviousness-type double patenting rejections previously of record. Examiner has also reviewed applicant's arguments and the cited prior art. Examiner now agrees with applicant's arguments and also withdraws the previous art rejections as moot in view of applicant's arguments. For this reason the instant claims are found to be free of the prior art and other grounds of rejection and therefore are found to be allowable as presently in the case.

Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably **accompany** the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
